

## Selected Clients, Expertise and Sectors

The practice, George Stowell, offers a range of built environment professional services including architectural design, business consultancy and client advice.

In the past ten years the practice has worked with the following organisations to deliver value:

- The Lawn Tennis Association
- Central Foundation Girls' School, Bow
- Attract Marketing Ltd
- Atkins
- Islington London Borough Council
- Ealing London Borough Council
- Plymouth City Council
- Crossrail Ltd
- High Speed Two Ltd
- Adamson Associates
- British Standards Institute

Since its inception in 2005, the practice has been led by George Stowell who has over twenty three years' experience as an architect and client adviser.

George Stowell is based in Bermondsey, London, near Tower Bridge and works for clients throughout the UK. The practice has experience of new and old buildings in the culture, rail infrastructure, sports, civic, retail, commercial and master planning sectors.

The practice meets your challenges and solves your problems through design and project services for new and existing buildings.

Many will have unique requirements for which creative and professional solutions are needed; George Stowell is here to make this happen with you and for you.
